TO GET RID OF RHEUMATISM

If we suffer with Rheumatism
and desire to get rid of it we must
make up our minds to subject our
systems to the proper course of
treatment for a while. The only
way to cure oneself of Rheumatism
is to remove the cause—expel the
irritating uric acid from the blood;
every other method of treatment has
proved a failure. S. S. S. cures
Rheumatism because it is the great-
est of all blood purifiers. This
medicine goes down into the circula-
tion, and expels every particle of
the sour, inflammatory uric acid
which is the one great cause of the
disease. The cure can be greatly
hastened with a little care and self
denial by the patient. In the first
place do not let anything interfere
to prevent your taking S. S. S. regu-
larly and according to directions;
be guarded in your eating, because
an attack of indigestion will always
aggravate the symptoms of Rheu-
matism. Do not expose yourself to
damp and inclement weather any
more than is necessary. When S. S. S.
has had time to rid the blood of
the uric acid, then these little restric-
tions may be left off. This simple
course has cured many thousands of
cases of Rheumatism. Book on
Rheumatism and any medical advice
free. S. S. S. is sold at drug stores.

WILLIAM LOWE

Well Known Here is Dead
at His Home at Hunt-
ington.

Announcement is made here of
the death of William W. Lowe at his
home at Huntington a few days ago.
He was quite well known here and
the news of his death is received by
friends with sadness.

Mr. Lowe was born near Morgan-
town. He married Miss May Shinn,
a member of a well known Shinn-
ston family, and is survived by her
and a son and daughter.

He had resided in Huntington for
a number of years. He was greatly
interested in fraternal work, being
a member of the Masonic, Knights
of Pythias, Modern Woodmen of
America and the Ancient Order of
United Workmen orders, the last two
being insurance fraternities. He was
genial and thoroughly likable man
whose habits were as nearly irre-
proachable as one is likely to find
among men. He was a member of
the Fifth Avenue Baptist church.

For several years he held a clerk-
ship in the offices of the Chesapeake
and Ohio railroad shops, but for the
last eighteen months he was with
the Island Creek Fuel Company. He
had a wide acquaintance with the
shop men, where his considerate
habits won him many friends. This
acquaintanceship, added to the ties
formed through his numerous fra-
ternal associations, rendered him
one of the most widely known men
of the city. Diabetes caused his
death.

FIGHT OVER COW

A Week Ago Results in Issu-
ance of Two Warrants
against Maan.

A fight over a cow one week ago
Monday in the rear of the Catholic
church has resulted in the issuance
of two warrants in Justice G. H. Gor-
don's court against J. W. Miller. The
complainant is Charles Crummitt.
One warrant accuses Miller of felon-
iously assaulting Crummitt and the
other charges him with ill treating a
cow belonging to him. Miller was ar-
rested Wednesday morning by Con-
stable Thomas R. Kearns and furnished
bond for his appearance in the court
for a hearing Thursday afternoon.

MISSIO

(Continued from page 1.)

its center of work. It plans to build
a house on land already purchased,
to be followed in time by hospital
and school.

After reviewing the situation of the
work in several fields of the board,
pointing out its magnificent opportu-
nities and the desperate need of ad-
vance to improve them; situations of
which Rhodesia in Africa, Shansi in
China, and the central mission in
Turkey are conspicuous examples but
whose urgency is hardly less than
that of most of the twenty missions,
Secretary Barton answered the ques-
tion, shall they go forward? by say-
ing, "Under these circumstances, to
tell them that they cannot advance
because neither can adequate re-en-
forcements be found nor can appro-
priations be made to meet the in-
creased expense involved, is to make
them feel almost abandoned just as
they are about to gather the harvest
for which they have toiled so long."

It is interesting and encouraging
to note that in spite of the financial
straits of recent years with the con-
sequent repression, some real en-
largement has been made, although
almost all of it has come through
special funds from outside sources.
In all \$700,000 has been spent or is
about to be spent on new plants,
buildings, etc., in the various fields.

As the work of mission centers in
the task of evangelism, it is good to
report that there has been a real pro-
gress during the year in the develop-
ments of churches and in the more
aggressive spirit of evangelism in
many lands. A successful Armenian
merchant in New York maintained
an experienced and tried native evan-
gelist in Central Turkey. The Cen-
tral Turkey Mission is putting evan-
gelists of its own number into the
field. In Japan, the Kumiai churches
are beginning to organize the masses
outside the chief cities. In some
parts of China, notably at Fencrow
in Shansi there seems to be an almost
phenomenal trend towards Christian-
ity. India also presents some striking
signs of mass movements toward
Christianity. The East African Mis-
sion plans to set apart one of its
men as director of the evangelizing
forces in outside fields. The great
and hardly touched Sabi Valley dis-
trict beyond them is continually ap-
pealing for the light. In Austria the
spirit of evangelism pervades the
churches.

Secretary Barton then reviewed the
educational advance of the year. The
sum of \$1,000,000 has been received
for the Higher Educational Endow-
ment Fund, whose goal is set at \$2,-
000,000. The first institutions to re-
ceive its aid are those training young
men for the ministry. The influence
and power of education is deepening
constantly throughout the East, es-
pecially in the training of girls. In-
dustrial education is not being over-
pressed, but in some countries, like
Africa, is of large importance.

The statistics of the year, while
not a sufficient index of growth, show
advance in many ways. The mission-
ary body remains about the same in
number. The native laborers show
an increase of more than 140.
Churches and schools have made
gains. The figures of medical work
cover 27 hospitals and 37 dispensar-
ies, and show record service to over
35,000 patients last year, and total
treatment in hospitals and dispen-
saries being 244,000. Native con-
tributions amount to the substantial
sum of \$295,360. When the value of
a dollar in many of these places is
considered, this gain is most signifi-
cant.

Mrs. P. J. Doonan and children
are visiting Mr. and Mrs. Charles
Gillis for a few days.

EASY TO GET RID OF DANDRUFF

Dandruff means that down near the
roots of your hair there is a vast army
of little invisible germs or microbes.
And this army never sleeps; it wages
a war of destruction night and day. It
destroys the nourishment that the hair
must have in order to grow vigorously
and abundantly.

PARISIAN SAGE now sold all over
America will destroy these germs and
at the same time furnish the hair
roots with just the proper nourishment
to make hair grow lustrous and lux-
uriant.

PARISIAN SAGE is guaranteed by
Wells & Haymaker Co. to banish dan-
druff, stop falling hair and itching
scalp or money back. It is a deligh-
tful hair dressing that wins instant
favor with refined women. Sold for
only 50 cents a large bottle by Wells
& Haymaker Co. and druggists every-
where. Girl with Auburn hair on every
carton and bottle.
